RE: VALIDATION RESULT OF THE 2019
PERFORMANCE SCORECARD OF SBC

Dear Undersecretary Lantayona and PCEO Cacanando,

This is to formally transmit the validation result of SBC's 2019 Performance Scorecard. Based on the Governance Commission's validation of the GOCC's documentary submissions, SBC gained an over-all score of **58.14%** (See *Annex A*). The same is to be posted in SBC's website, in accordance with Section 43 of GCG Memorandum Circular (M.C.) No. 2012-07<sup>1</sup>.

In relation to the grant of 2019 Performance-Based Bonus (PBB) to eligible officers and employees, SBC fails to satisfy the requirements of GCG M.C. No. 2019-02<sup>2</sup> particularly the achievement of a weighted-average score of at least 90% in its 2019 Performance Scorecard. In this regard, the Board is reminded that any unilateral action to release the PBB will be considered as a violation of the Board's fiduciary duty to protect the assets of the GOCC as provided under Section 19 of Republic Act No. 10149<sup>3</sup>.

Consequently, pursuant to GCG M.C. No. 2018-04<sup>4</sup>, failure to qualify for the PBB means that the Appointive Members of the Governing Board of SBC shall not be qualified to receive the Performance-Based Incentive (PBI).

FOR SBC'S INFORMATION AND GUIDANCE.

Very truly yours,

While SBC was able to provide a revised data, the GCG can no longer rely on the accuracy of the database given the inconsistent reporting from SBC. It should be noted that internally generated report is the only acceptable supporting document for this measure. Given the inconsistencies and series of exchanges of communication with SBC to verify the report, the GCG concluded that the inconsistencies were a result of failure on the part of SBC to implement control measures to ensure reliability of data generated from its database. |
